Cloverbuds explore areas of healthy living, earth environment, citizenship, plants and animals, consumer skills, science and technology, personality development, and expressive arts . . . all in a 4-H community club with a Cloverbud curriculum led by adult volunteers. The program is developmentally age appropriate and allows for and encourages creativity and play.

The Cloverbud program provides an excellent opportunity for children to reach their highest potential, because early life experiences, even subtle ones, affect future development.

The goals of Ohio's Cloverbud program are for children to develop:

- Self-understanding skills (self-esteem)
- Social interaction skills (getting along w/others)
- Decision making skills
- Learning skills (learning how to learn)
- Mastering physical skills

Children possessing these life skills are less likely to have problems with drug use, school failure, delinquency, and depression later in life.

The Cloverbud program is . . .

- ☆ fun
- ☆ leader directed
- ☆ activity based
- ☆ non-competitive
- ☆ success oriented
- ☆ group-centered learning
- ☆ many types of activities
- ☆ positive

How to Join a 4-H Club for 2009...

If you don't know in which project area(s) you would like to participate, please call the Extension office to request a copy of the Family Guide (also available on our website). Once you review the Family Guide and determine which project area(s) you are interested in, go to the center of this brochure for a complete listing of Licking County 4-H clubs. Directly contact any advisor whose club seems to meet your needs. Meeting areas are approximate; so if you are willing to travel, you are welcome to join any club in the county. You can also join more than one club within Licking County.

The 4-H year runs January - December. **Annual enrollment deadline is April 1st.** You MUST enroll through a club, so make sure that your contacts are made early enough to ensure that the paperwork will get done and submitted to our office on time.

Adults that are interested in becoming 4-H Volunteer Leaders should call our office and request an application (also available on our website). If you want to start a new club, first talk to Lisa at the Extension office. If you want to become a volunteer leader in an existing club, please talk to the head advisor of that club before completing and submitting the application. Volunteer applications for the current year are due by March 1.
