Youth Enrollment Organization Tool

This tool is designed to help you organize your youth's enrollment before going into the 4HOnline enrollment system to enroll your youth. This tool is NOT an enrollment form and does not need to be turned in to your advisor or the Extension Office. It is just an option to help avoid forgetting to add projects or update information.

What information has changed since last year that I need to make sure that I update in my family and/or youth profile (i.e. contact info, school, etc.)?

Youth Name:	
Club(s):	
Projects	**If youth is joining more than one club, with which club should this project be associated?**

Please click the "Add Project" button after you select each project from the dropdown menu or the system will not save your selection!
