

2023 Hartford Fair Livestock Quality Assurance

Goat Project Packet

Programming provided by OSU Extension - Licking County

A colorful cartoon illustration of a farm scene. In the background, there are rolling green hills, a blue sky with white clouds and birds, and a farm building with a red roof. In the foreground, various farm animals are depicted: two white sheep on the left, a brown cow, a white goat, a pink pig, a white duck, a white rabbit, a brown chicken, and a yellow chicken. A wooden fence runs across the middle ground.

Good Production Practices (GPPs) For Youth Livestock Producers

- GPP 1 Use an appropriate Veterinarian / Client / Patient Relationship (VCPR) as the Basis for Medication Decision Making.
- GPP 2 Establish and Implement an Efficient and Effective Health Management Plan.
- GPP 3 Use antibiotics responsibly.
- GPP 4 Properly Store and Administer Animal Health Products.
- GPP 5 Follow Proper Feed Processing Protocols.
- GPP 6 Establish Effective Identification, Medication Records, and Withdrawal Times.
- GPP 7 Practice Good Environmental Stewardship.
- GPP 8 Maintain Proper Workplace Safety.
- GPP 9 Provide Proper Care to Improve Animal Well-Being.
- GPP 10 Utilize Tools for Continuous Improvement.

2023 Focus

For all species divisions which are listed on this form, the youth member must be currently enrolled in the respective appropriate project in either Licking, Knox, or Delaware County 4-H / FFA/Steer Pool programs. The project must be carried through the county of which the youth is a 4-H or FFA member in good standing. Licking, Knox and Delaware County members are encouraged to attend a Quality Assurance Program within their county of membership.

Project Enrollment for 4-H and FFA Members and Showing Animals

- ✓ Ohio 4-H members are sometimes also FFA members. To keep work in both organizations clearly separate, members are advised to take a different species in each organization or, at the very least, to take market animals in one and breeding animals in the other.

Requirements of Livestock Projects for Exhibition in Ohio Fairs

Requirements of County 4-H Educators

When youth livestock project members are required to attend Quality Assurance, ensure that:

- ✓ Members are in good standing
 - Check with club advisor to make sure they have met club requirements to be in good standing.
- ✓ Youth have completed QA **at least 45 days prior** to the START of the fair (not the show day)
 - For example, if the opening day of the fair is July 20, but a youth doesn't show until July 23, QA must be completed by the youth at least 45 days prior to July 20.
 - ***If the fair takes place after the Ohio State Fair, and a youth wants to exhibit at the Ohio State Fair, they must complete QA 45 days prior to the opening day of the Ohio State Fair to be eligible to participate. ***

- ✓ Members are enrolled in the appropriate project corresponding to the class/animal they are entering
 - For example, youth must be enrolled in a market beef project to enter for a market steer/market heifer class.
 - A youth CANNOT be enrolled in only beef breeding and take a market heifer to the fair.

Requirements for Parents/Guardians/ Advisors and Youth

Make sure that children/club member(s) entering livestock at the county and/or Ohio State Fair:

- ✓ Are members in good standing
 - Have they met your club standards (attendance, forms filled out, enrolled in the proper projects, etc).
- ✓ Have completed QA **at least 45 days prior** to the START of the fair (not the show day)
 - For example, if the opening day of the fair is July 20, but the youth doesn't show until July 23, QA must be completed by the youth at least 45 days prior to July 20.
 - ***If the fair takes place after the Ohio State Fair, and the youth wants to exhibit at the Ohio State Fair, they must complete QA 45 days prior to the start of the Ohio State Fair to be eligible to participate. ***

- ✓ Are enrolled in the appropriate project corresponding to the class/animal they are entering
 - For example, youth must be enrolled in a market beef project to enter a market steer/market heifer class.
 - A youth CANNOT be enrolled in only beef breeding and take a market heifer to the fair.

Requirements for Parents/Guardians/ Advisors and Youth

- ✓ Have the project animal(s) in their possession by the approved dates (refer to county/state fair rules) and is properly tagged/identified
 - For example, beef exhibitors for the Ohio State Fair must send a DNA sample and register EID tag by January 15 to be eligible for entry.
 - County fairs will require tagging/tattoo days for market animals.
 - Sheep and goats must have scrapie tags/identification per USDA.

- ✓ Have registered/entered in the correct classes by the posted deadlines for the event.
- ✓ Understand and comply with fair rules and regulations.

For questions about project requirements, Quality Assurance dates/requirements, fair requirements, and county-related rules, please contact your county 4-H Extension Educator. Contact information can be found at licking.osu.edu.

2023 HARTFORD SENIOR FAIR BOARD

POINTS OF IMPORTANCE

VARIOUS ANIMAL UPDATES AND REMINDERS...

— BEEF.

- Additional classes will be offered within the All Other Breeds (AOB) division, separating entries by high and low percentage designations.
- Market Steer / Heifer weigh-in will take place on Saturday, immediately following Steer Pool weigh-in.

— DAIRY FEEDERS.

- Dairy Feeder calves may be only of 100% Holstein or Brown Swiss breeding.
- Weigh-in on June 3rd will run from 8:00 - 11:00 a.m., with a clinic and fun show to follow. The weigh-in will also include an independent assessor whose task will be to identify calves that may require DNA testing. Testing will be at owners' expense, but costs will be refunded if the results of the test show that the calf meets the requirements of being 100% Holstein or Brown Swiss. Calves identified as crossbred will not be eligible to show in weight classes, but will have a exhibition class available to them.
- A showmanship class is being added for beginning (first year) dairy feeder exhibitors. Open to exhibitors ages 8 and 9 as of January 1, 2023. Winner of this class will then compete for Supreme Dairy Feeder Showmanship exhibitor along with the other showmanship class winners.

— GOATS.

- All goats must have approved Scrapies identification!
- Only goats entered in Junior Fair classes may stay on the grounds.
- Market Goat show will increase to fifteen classes and be broken into three weight divisions – light middle and heavy, with division winners advance to championship drive.

— HORSE.

- Horse Department schedule will have changes... Ranch classes will be held on Thursday, with Friday morning being Versatility and Friday afternoon being reserved for Pee Wee and Fun Show activities.
- Horse exhibitors stalling at the fairgrounds will be dismissed early on Saturday, to allow time for the Rodeo to set-up in the Horse Complex for Saturday evening events.

— MARKET LAMBS.

- All market lambs which are ewes, as well as ewes and wethers that are coming from out-of-state, must have USDA approved Scrapies tag identification.
- The Market Lamb show will offer special classes for Bred and Owned entries, with those lambs needing to be designated at B&O during tagging in May.

— BREEDING SHEEP.

- Breeding sheep exhibitors must have USDA approved Scrapies tags in all ewes, rams, and wethers over 18 months (there are no breeding classes for wethers).

— **MARKET HOGS.**

- Hog Identification photos are required of all junior fair hogs and will be uploaded directly in to FairEntry (new entry system). Photos must be submitted online by 11:59 p.m. May 15th. Up to four (4) hogs may be identified. Instructions are forthcoming.
- All hogs consigned to sale will be sent to the packer on either Tuesday night or Wednesday. All youth participating in the sale must send one hog on the trailer. Hogs will not be present during the hog sale on Thursday.
- Any youth bringing a second hog for exhibition will be responsible for removing that hog from the fairgrounds on Friday. Those hogs are not permitted to be taken on the packer truck earlier in the week. These hogs are also eligible to be shown in an open market hog show on Friday.
- All pens should be cleaned by exhibitors at the time that their hog is removed from the grounds, with absolutely all pens being cleaned by end of the day on Friday.

— **RABBITS & POULTRY.**

- The May 6th banding and tattooing will take place behind the grandstands. Please enter Gate C turn right at the first driveway. There will be a rabbit line and a poultry line. Exit will be through Gate B. This will be drive-through style still, from 10:00 a.m. to 2:00 p.m.
- Rabbit show day schedule has been changed to allow breeding rabbits to show first, with market rabbits showing in the afternoon. This should allow more time to process weights and post class lists ahead of the show.
- All meat poultry and meat rabbits must weigh-in prior to having sale photo taken during the fair.

— **GENERAL JUNIOR FAIR LIVESTOCK.**

- Junior Fair entries will be made ONLINE in 2023 – with additional instructions forthcoming. We will be using a new entry system, called FairEntry. This is the same entry system that Delaware and Knox County Fairs have been using for a few years. It is anticipated that entries can be submitted beginning May 16th.
- All market animal exhibitors must complete their Drug Use Notification Form (DUNF) online by 11:59 p.m. on Friday, August 4th. Market Hogs will complete their forms after they have arrived to the fairgrounds and receive their official tags. DUNF instructions will be emailed one week prior to the fair.
- The General Livestock Judging Contest will consist of market / breeding sheep, market / breeding goats, and dairy feeders this year – no beef or hog classes.
- Super Showmanship... Once a member advances to Expert Showmanship and wins Expert Showmanship to advance to Super Showmanship, they will continue to compete in Expert class from that point forward until they age out or win Super Showmanship.

FACILITIES AND BARN SAFETY.

- No floor fans will be permitted in the barn areas. All fans must be hung, for the safety of small children.
- Electrical cords must be good repair and in a safe condition. Unsafe cords will be confiscated.

LIVESTOCK SALES.

- Livestock sales checks will be mailed no earlier than 30 days following the sale. All checks will be mailed, no checks will be held for pick-up! There will be a \$35 charge to re-issue a check with a stale date past the 60 days cashing period.

...AND OTHER ITEMS.

- Fair Book will be available only in electronic format and will be posted to the Hartford Fair website.
- Entries are due by 11:59 p.m. on Monday, June 26th, with late entries being due by 11:59 p.m. on Friday, July 21st. Exhibitors will be expected to review their entries online to ensure that they are accurate.
- Admission prices will be \$10 cash at the gate, or \$8 (plus fees) online in advance of arrival to the gate.
- Weekly passes will be available online for \$55 (plus fees).
- Be sure to stay up to date through the Hartford Fair website and Facebook pages.

- 4-H / FFA Advisors...
 - Will not be issued IDs in 2023, simply need to show driver's license to pick up club member premiums at the Premium Bank.
 - For gate admission, advisors will be issued admission passes that can be printed or shown on their phone to be scanned when entering through admission gates.

- 4-H / FFA Members...
 - Members will be asked to submit name, birthdate and a photo online in order for their ID to be created and printed. All photos must be submitted by June 26th fair entry deadline. Any member not submitting a photo will not have an ID printed and will need to have their parent or an advisor pick up any applicable premiums at the Premium Bank. Instructions are forthcoming.
 - For gate admission, each junior fair exhibitor will be issued an admission pass that can be printed or shown on their phone to be scanned when entering through the admission gates.
 - IDs will not be used for gate admission, that is the biggest thing to keep in mind. Passes will be used at the gates, IDs will be used only at the Premium Bank.

Licking County 4-H Goat Projects: Choosing Your Project When Exhibiting at the Hartford Fair & Enrolling in 4-H Online

135 Goat Project Options:

- **135BD – Breeding - Dairy Goats** (Does only, no wethers. May not have horns).
 - Alpine
 - LaMancha
 - Nigerian Dwarf
 - Nubian
 - Saanen
 - Toggenburg
 - Any breed crosses (breeds listed above)
- **135BM – Breeding – Meat Goats** (horns are optional)
 - Boer Goats / Boer-Cross Goats
 - Fiber Goats – Angora & Cashmere (do not need to be shaved in order to show in the meat classes)
 - Kiko Goats
- **135F – Fiber Goats**
 - No Fiber exhibit opportunity during Hartford Fair. Can show in meat goat division, but must enter Meat Goat Breeding Doe classes. Fiber Goat wethers may enter Pack Goat classes during the fair.
 - Fiber Goats do not need to be sheared to exhibit.
- **135H – Harness Goats**
 - May be any breed.
 - Must be shown in Pack Goat classes for fair entries. Harness classes are not offered during Hartford Fair.
- **135M – Market – Dairy, Meat, or Cross Goats**
 - Horns are optional.
 - Any breed, but must meet weight requirements for Hartford Fair.
 - All Market Goats must have milk teeth intact at weigh-in during the Hartford Fair in order to qualify for market classes. (This replaces previous rule that goats must be born after January 1st).
- **135P – Pack Goats**
 - This can be any breed of goat.
 - Must show only in Pack Goat classes during Hartford Fair, not in breeding classes.
 - Horns are optional.
- **135PY – Pygmy Goats**
 - Pygmy does and wethers to show in Pygmy Goat Show during Hartford Fair.
 - Horns are optional.
- **135C – Companion – Pet Goats**
 - This is considered a **Special Interest Project** and will **NOT** be eligible to show at the fair.
 - This would be judged during **Special Interest Judging Day in July without the goat being present**.

Additional Notes Pertaining to Goat Projects:

- ❖ No bucks on the Hartford Fairgrounds. Only those goats entered in Junior Fair classes will be stalled on the grounds.
- ❖ Only one entry per animal in a class, with the exception of showmanship that you sign up for day of goat show (i.e. market goat project can only be in market goat class – cannot be shown additionally in breeding doe class, pack goat projects can only be shown in pack goat class and cannot be shown additionally in breed class).

For additional questions, please contact Laney McLaughlin (740-927-4790)

Tips for Getting Started with your Goat Project

Prepared by Hartford Goat Improvement Committee

“GOOD CARE MEANS GOOD HEALTH!”

FEEDING.

Hay... nice looking, green alfalfa, clover or mixed alfalfa/clover/grass. Should not be dusty or moldy.

Water...fresh water twice a day.

Grain...pre-bagged goat feed or prepare your own balanced ration.

Free choice salt or mineral salt and baking soda... for rumen function.

See Goat Resource Book for complete guidelines for feeding

HEALTH.

Signs of Illness:

Any change in normal behavior, especially inactivity.

Poor appetite or not eating at all.

Change in color or consistency of manure.

Urinate more than usual.

Grinds teeth.

Coat becomes rough or dull.

Color of gums and lining membranes around eyes becomes pale or blue.

Changes in milk for breeding does.

Goats normal temperature is 103 +/- 2 degrees.

Vaccinations: CDT to prevent enterotoxemia, associated with high grain intake, and tetanus, at least at 8 and 12 weeks of age and yearly thereafter. Give booster to does 30-60 days before kidding to cover newborn kids.

Parasites: Goats are highly susceptible to worms. If there is weight loss, or gums/eye membranes become pale, goat need wormed. Take feces (manure) specimen to lab for ID of worm type and use appropriate worm medication. Most wormer dosages need to be doubled label directions to be effective on goats. Check with your veterinarian. If you have access to rotation in five separate grazing areas, moving goats to a new location each week in rotating order is an effective method of preventing worm problems. The complete life cycle of most “goat worms” is four weeks. Worm medications also have withdrawal dates that need to be watched at slaughter/sale time.

Coccidiosis: This is an illness caused by a protozoan parasite that becomes a problem due to manure contamination of feed and water. A common sign of this illness is dark diarrhea, and general weight loss. If untreated, goat will die. If not treated as soon as the diarrhea is noticed, the gastrointestinal tract absorption of the goat can be damaged for life. Call a veterinarian for the proper meds. To decrease this problem make sure feeders are high enough that they can't be jumped into, and change water frequently.

Signs of Illness: any change in normal behavior

- Inactive
- Eats less or not at all
- Urinate more than usual
- Change in color or consistency of manure
- Grinds teeth
- Changes in milk with lactating does
- Temperature above or below normal (normal is 103 +/- 2 Degrees)
- Coat becomes rough or dull of hair falls out
- Color of gums, lining around eyes becomes pale or bluish

HOUSING:

Protect from wind, precipitation, sun, predators, dampness, and injury. Provide shelter / barn; keeping in mind 10-12 square feet needed per animal.

FOOT CARE:

Prevent foot rot with clean, dry housing and proper foot trimming. Keep hooves trimmed with sharp hoof knife or hoof trimmers about every six weeks.

MARKET GOAT TATTOOING.

All market goats must be tagged and registered to participate in the Hartford Fair. Tagging will be done the third Saturday in May. This year that will be **May 20, 2023 from 9:00 a.m. to 12:00 p.m.. Cost is \$2.00 per animal.** This will take place at the Hartford fairgrounds. Goats being tagged must be designated to an individual exhibitor at the time of tagging. There will also be a weighing of those animals that wish to participate in the rate of gain contest. If you cannot bring your animal on this date you must have your 4-H advisor call Jared McLaughlin (Senior Fair Board member),

MARKET GOAT REQUIREMENTS: HARTFORD FAIR.

- May use wether or doe
- Milk teeth must be present at weigh-in on Sunday of the fair.
- All goats must have a USDA-approved Scrapies Eradication ID tag.
- Horns are optional for Market Goats.
- Full-body clip ten (10) days prior to the fair for Market Goats.
- Minimum weight 45# (there is no maximum weight).
- One animal per exhibitor to sell.
- Grand Champion and Reserve Grand Champion must sell. Sale is terminal for these two animals and drug testing will be completed following selection.
- Weigh in Sunday morning of the fair at 10:00 am before the open market goat show.
- Exhibitor / family is expected to attend Barn Meeting at 9:30 a.m. on Sunday of fair.
- Exhibitor must be present with project at show and sale.
- At weigh-in each exhibitor must designate if animal is to sell.
- Goats are not permitted to be exercised in the Horse Complex, nor the parking areas to the east/ south of horse barns.
- Only those goats entered in Junior Fair classes can be stalled on the grounds throughout the fair.

HARTFORD FAIR GOAT SCHEDULE REMINDERS.

- Open Market Goat show is Sunday at 1:00 p.m. (see Hartford Fair website for details)
- Junior Fair Goat Show starts Monday at 12:00 p.m. (Grubb Arena)
- Junior Dairy and Pygmy Shows will be held Tuesday at 9:00 a.m. (Grubb Arena)
- Skillathon is Wednesday at 1:00 p.m. (4-H Center)
- Goat Obstacle Course is Wednesday at 5:00 p.m. (Goat Barn)
- Goat Costume class will be held on Thursday at 1:00 p.m. (Grubb Arena)
- Pee Wee Goat Show is Thursday at 2:30 p.m. (Grubb Arena)
- Open Pygmy Goat Show will take place on Thursday evening at 5:00 p.m. (B. Carr or Grubb Arena)
- Open Dairy Show is Friday at 3:30 p.m. (B. Carr Arena)
- Sale is last Saturday of the fair at 12:00 p.m. (B. Carr Arena)

PREPARING FOR THE FAIR.

- Observe a show.
- Teach your animal to lead. Collar should be nylon dog collar or chain (do not use as a choker). Work with them a few minutes every day at least 6 weeks before the fair.
- Learn the parts of the goat, and scorecards for Showmanship classes. Pages 21-26 in the Goat Resource Book.
- Trim hooves
- Full body clip ten (10) days prior show for dairy and market goats; body trim on meat breeding does.
- **All goats must have Scrapies Eradication Identification from the USDA**

WHAT TO BRING TO THE FAIR.

- Follow Hartford Fair exhibitor dress code guidelines.
- Plenty of straw for bedding. (Change often)
 - Air flow must be permitted through three sides of goat pen.
- Water bucket and feed bowls
- Hay manger
- Hay and grain
- Collar
- Show collar (very thin nylon or chain)
- Brush to scrub hooves
- Vaseline
- Baby wipes to clean ears, nose etc
- Brush to keep coat clean
- Shampoo, hose, spray nozzle, and towel for bath
- Leash to exercise (exercise animals daily at the fair)
- Show box to store equipment (Make sure you have a lock)
- Milking stand, if needed
- Pitchfork and rake to clean stall and aisle in front of stall when needed
- Band Aids for accidents
- Keep show box, milk stands, and work areas tidy
- Keep your 4-H manual handy to help answer visitors questions. Remember, our visitors may only form or improve their opinions of goats from their discussion with you.
- DO NOT leave show area until you have completed all of your classes. We will not come and look for you. Stay around and watch the show.
- Exhibitors are responsible for complete cleaning of their stalls / pens before leaving the fairgrounds at the end of the fair.

Goat Workshops Offered by Local 4-H Club

The Goats-R-Us 4-H Club will offer FREE goat project workshops on both Thursday, June 15 and Thursday, July 13 (rain or shine) for any youth exhibitor planning to participate in the Hartford Fair.

Both clinics will be held from 6:00-9:00 p.m. at the Sheep / Goat Barn area on the Hartford Fairgrounds. Members are encouraged to attend both sessions, and are welcome to bring their Meat Goats, Dairy Goats and Pygmy Goats (with collar and lead) to the workshops, but it is not required in order to participate. Animals will be available to those unable to bring their own.

Workshop topics will include hands-on instruction in showmanship, general care, feeding, Scrapies identification requirements, grooming, hoof trimming and working with Pack Goats.

For additional information, contact
Laney McLaughlin | 740.927.4790
Goats R Us 4-H Club Advisor

NOTE: Please use parking lot east of horse area / horse barns.

Date

Business Name

Address

Address

Dear Business Name;

Hello. My name is Chris Clover and I am fourteen years old. I have been participating in the Licking County 4-H program for four years. I am taking a dairy feeder, two market goats, and a photography project through 4-H this year.

This year, I will be selling my dairy feeder Beau (named after Beau Duke in the original Dukes of Hazzard). Beau is a Holstein steer and is mostly black. I will also be selling my market goat Cupcake. Cupcake is a young female breeding doe. She is mostly boer (meat goat breed) and has a tan head and a white body. If you are interested in buying either of these animals, please attend the Hartford Fair on Saturday, August X. Enclosed, you will find more information about the sale, and a form that you can fill out if you would like to register as a buyer prior to the sale.

Thanks for your time!

Sincerely,

Chris Clover

Official ID Types for Sheep and Goats

Ear Tags:

- Official ear tags are those approved for use in sheep and goats **with the US shield printed onto the tag**

- Ear tags come in various shapes, sizes, colors and numerical sequences (examples below)

Animals with Absent or Injured Ears:

- Animals that cannot be ear tagged **because of absent or injured ears** may have the official ear tag attached to a durable neck strap or collar that can only be removed by cutting the strap, collar or ear tag and which must accommodate the expected growth of the animal, which may include:
 - Placing the tag at the end of the collar after the "D" ring which must be small enough that the tag cannot be pulled through (pictures below)
 - Overlapping the collar in such a way that the tag pierces through the overlapped portion of the collar
 - Placing a rivet through the collar so that the rivet or the collar must be cut to remove the collar with attached ID
- The neck strap or collar with ear tag must be treated the same as an ear tag and **may not be removed or replaced**

Official ID Types for Sheep and Goats

Flock ID Tattoos:

- The Flock ID that has been assigned to the owner must be tattooed in the right ear and an individual animal ID number must be tattooed in the left ear of the animal
 - Animals with either absent or injured ears can have the tattoo in the tail web or flank
- The tattoo must be legible
- Flock ID tattoos are not considered Official ID for movements to slaughter or through a market
- The animal must be accompanied by a statement that contains the Flock of Origin information
 - Examples: ICVI, Owner/Hauler Statement, etc.

Registration Tattoo:

- The Breed Registry Prefix that has been assigned to the owner must be tattooed in the right ear and an individual animal ID number must be tattooed in the left ear
 - Animals with either absent or injured ears can have the tattoo in the tail web or flank
- The tattoo must be legible
- Registration tattoos are not considered Official ID for movement to slaughter or through a market unless the sale is for registered animals and registration papers are transferred
- A copy of the registration certificate must accompany the animal at all times
 - This certificate should have the tattoo information printed on it from the registry and must correspond to the tattoo in the animal's ears
 - If the certificate is not in the name of the current owner, a copy of the completed application for transfer of ownership in the name of the current owner is permitted provided the sale occurred within the last 60 days

- ❖ Unregistered animals from registered flocks can tattoo animals via the standards described under “Flock ID Tattoo”

Official ID Types for Sheep and Goats

Microchip or Implant (All Animals):

- Implants must be located between the skin and the cartilage of the back side of the ear near the base or between the skin and the bone of the tail near the base of the tail
 - The animal must be tattooed with a legible “E” if the implant is at the base of the ear, or an “ET” if the implant is in the tail fold ★
- The animal must be accompanied by an implant reader
- The implant must comply with ISO 11784 and ISO 11785 and must be an approved device (other devices applied before March 11, 2015 are allowed)
- The implant number must be an Animal Identification Number (840) issued to the flock of origin (other number formats applied before March 11, 2015 are allowed)
- Implants are not considered Official ID for movement to slaughter or through a market

Registered Animals:

- Registered animals must be accompanied by a registration certificate in the name of the current owner where the implant number has been recorded on the certificate

&

→ Compliant Animal

Unregistered Animals:

- Unregistered animals must be accompanied by an ICVI or an OHS that lists the flock of origin, the Flock ID and the electronic implant number
- Unregistered animals must also be **legibly tattooed** with the flock identification number, as well as having a tattoo noting the location of the implant as described above

&

| Sample Owner/Handler Statement | |
|---|---|
| Bob Doe 123 East St Wood, MI 12345 876-987-0987 4-19-19 | Must also contain Handler name & Address if different from Owner |
| Group/Lot ID IN16345, Lot IN16345-041919-1 | |
| Number and Type of Goats in Group 6 meat does, 4 dairy does | |
| Name/Address of Destination The End Facility 1111 Slaughter Lane Endor, IN 45900 | |
| These animals are in slaughter channels Bob Doe | |

→ Compliant Animal

Official ID Types for Sheep and Goats

Restricted (Slaughter) Movements:

- Sheep or goats that are in slaughter channels must have an owner/hauler statement that includes a group/lot identification number, even if they have individual official ear tags
- An owner/hauler statement (OHS) is a signed written statement by the owner or hauler of the animals that includes:
 - The name, address and phone number of the owner and, if different, the hauler
 - The date the animals were moved
 - The Flock ID assigned to the flock or premises of the animals
 - Group/Lot ID Number
 - The number of animals
 - The species, breed and class of animals
 - The name and address of the point of origin
 - The name and address of the destination
 - A statement whether the animals are in slaughter channels
- A group/lot identification number (GIN) is used to uniquely identify a unit of animals managed together as one group
 - The format of the GIN is the flock identification number followed by a 6-digit representation of the date on which the group or lot of animals was assembled (i.e. XX1234-MMDDYY)
 - A sequential number will be added to the end of the GIN if more than one group is created on the same date (i.e. XX1234-MMDDYY-1)

Examples of owner/hauler statements:

This example is for sheep delivered to the market by the owner:

Bob Doe
123 East ST
Wood, MI 12345
876-987-0987

4-19-19

MI3187, Lot MI3187-041919-1

10 Blackface cull ewes, 6 meat nannies

Happy Valley livestock
4787 Free Ln.
Tree, MI 46678

These animals are in slaughter channels

Bob Doe

If the owner does not deliver the animals, the hauler and flock of origin information would both need to be included on the statement. In this case, Bob Doe is the owner and John Smith is the hauler:

Bob Doe
123 East ST
Wood, MI 12345
876-987-0987

John Smith
456 West Street
Wood, MI 12345
555-555-5555

4-19-19

MI3187, Lot MI3187-041919-1

10 Blackface cull ewes, 6 meat nannies

Happy Valley livestock
4787 Free Ln.
Tree, MI 46678

These animals are in slaughter channels

Bob Doe

Over-the-Counter Antibiotics Will Require Veterinary Oversight (Rx) Beginning in June of 2023

By June of 2023, all medically important antibiotics currently available at most feed or farm supply stores will now require veterinary oversight (written Rx) to be used in animals, even if the animals are not intended for food production. Examples of [affected antibiotics](#) include injectable penicillin and oxytetracycline. In addition, some retail suppliers who were able to sell these drugs/products in the past may no longer sell them after June of 2023. *This means that small and large animal veterinarians should be prepared for an increase in calls and visits from animal owners who previously may have purchased these drugs over the counter at their local farm supply store.* To continue using medically important antimicrobials, you may need to establish a veterinarian-client-patient relationship (VCPR). Consult your veterinarian for more information.

What is a veterinarian-client-patient-relationship?

A [veterinarian-client-patient-relationship \(VCPR\)](#) is defined by the American Veterinary Medical Association as the basis for interaction among veterinarians, their clients, and their patients and is critical to the health of your animal(s). The practical explanation is that it is a formal relationship that you have with a veterinarian who serves as your primary contact for all veterinary services and is familiar with you, your livestock/animals, and your farm operation. This veterinarian is referred to as your Veterinarian of Record (VoR), and both the VoR and the client should sign a form to document this relationship.

What species are included?

From companion dogs and cats to backyard poultry, and from rabbits and show pigs to large livestock farms. The same restrictions will apply to all companion and farm animal species.

How do your health protocols measure up?

Health protocols are customized for individuals and farm-specific, and practicing veterinarians are often asked to develop and write protocols for individual farms, particularly health protocols. Injectable antimicrobials alone will not work as intended if animals are experiencing pain (drop feed and water intake) and/or dehydration. OSU Veterinary Extension is available to review your health protocols, but must be submitted by a practicing veterinarian to Dr. Gustavo Schuenemann at schuenemann.5@osu.edu.

2023 HARTFORD FAIR

4-H & FFA PROJECT SKILLATHON & INTERVIEW JUDGING SCHEDULE

4-H Beef Projects...

Contest: Sunday, August 6 @ 12:30 p.m. to 2:00 p.m. (Beef Barn/Grubb Arena)
Awards: Tuesday, August 8 - Market Steer Show (Grubb Arena)

4-H Dairy Cattle Projects...

Contest: Monday, August 7 @ 2:00 to 4:00 p.m. (Grubb Arena)
Awards: Tuesday, August 8 - Junior Dairy Show (Grubb Arena)

4-H Dairy Feeder Projects...

Contest: Monday, August 7 @ 2:00 to 4:00 p.m. (Grubb Arena)
Awards: Wednesday, August 9 - Dairy Feeder Show (Grubb Arena)

4-H Goat Projects...

Contest: Wednesday, August 9 @ 1:00 to 3:00 p.m. (4-H Center)
Awards: Saturday, August 12 @ 9:00 a.m. (Grubb Arena)

4-H Horse Projects...

Contest: Sunday, August 6 @ 3:00 to 5:00 p.m. (Horse Complex)
(skillathon only—project interviews held 8:00 a.m. daily)
Awards: Wednesday, August 9

4-H Poultry Projects...

Contest: Tuesday, August 8 @ 10:00 a.m. (Rabbit & Poultry Barn)
Awards: Saturday, August 12 @ 9:00 a.m. (Grubb Arena)

4-H Rabbit Projects...

Contest: Wednesday, August 9 @ 10:00 a.m. (Rabbit & Poultry Barn)
Awards: Saturday, August 12 @ 9:00 a.m. (Grubb Arena)

4-H Sheep Projects...

Contest: Sunday, August 6 @ 10:30 a.m. to 11:45 a.m. (4-H Center)
Awards: Wednesday, August 10 just prior to beginning of Market Lamb Show (Grubb Arena)

4-H Swine Projects...

Contest: Sunday, August 6 @ 11:00 a.m. (Swine Barn West Entrance)
Awards: Tuesday, August 8 @ Market Hog Show (Swine Barn Arena)

Members should plan to bring completed project books with them to the skillathon contest. While a member's project book may not be required in order to participate in skillathon contests, it does account for a substantial amount of points. Awards are presented for (1) skillathon performance, (2) personal interview score, and (3) project book score for completion.

UPDATED of 01.10.2023

Any necessary changes to this schedule will be announced / posted during the Hartford Fair.

**NOTICE of REQUIREMENT for
MARKET CATTLE, GOAT, SHEEP & SWINE EXHIBITORS**

Dear Youth Exhibitor;

In 1997, the Food and Drug Administration adopted a regulation, 21 CFR 589.2000, prohibiting the feeding of any ruminant-derived protein (meat and bone meal) to cattle and other ruminants. This regulation resulted from efforts to control any possible introduction or spread of Bovine Spongiform Encephalopathy (BSE) or "Mad Cow Disease" into the domestic cattle herd of the United States.

Because of worldwide media attention over the past few years on the BSE issue and a desire to reassure consumers that all possible steps are being taken to continue to keep BSE out of the United States, a number of beef packers/processors and retail operations have established certification programs for their suppliers to insure that they are not receiving cattle or other ruminants that have been fed ruminant-derived protein materials.

Participating packers in the certification program have made it clear that they will not purchase any cattle, sheep, swine, or goats from producers who have not signed a certificate certifying that indicated animals have been fed any feed containing protein derived from ruminant tissues and/or that none of the livestock being sold have illegal levels of drug residues. Thus, for some packers and buyers to purchase your cattle, we will need to have the certification on the back of this sheet signed and turned in upon arriving to the scales during weigh-in at the fair. If your animals do not weigh in, they will be collected during barn meetings or at a specific time posted in your barn.

I hope that we can work together to insure that the animals contributed to the general food supply through the 4-H and FFA programs may continue to be both safe and wholesome. Please feel free to contact me with any questions.

Sincerely,

Lisa D. McCutcheon
Extension Educator, 4-H Youth Development

Producers, Inc.

CONTINUOUS PRODUCER AFFIDAVIT

As an affidavit is deemed by USDA as an official record of Country of Origin, I attest through first-hand knowledge, normal business records, or producer affidavit(s) that all livestock referenced by this document or other communications specific to the transaction and transferred are of (mark one):

_____ U.S. Origin (born and raised in the U.S.)

_____ U.S. and/or Canadian origin and not imported for immediate slaughter (born in Canada, raised in the U.S.)

_____ Canadian Origin (born and raised in Canada)

Should the origin of my livestock become other than that described above, I agree to notify United Producers, Inc. when this occurs.

I certify that to the best of my knowledge, none of the livestock are adulterated within the meaning of the Federal Food, Drug and Cosmetic Act (e.g., none of them have been fed any feed derived from mammalian tissues as prohibited by 21 C.F.R. 589.2000 nor are they contaminated with foreign materials nor do they have illegal levels of drug residues).

I certify that neither the undersigned nor the person(s) from whom the undersigned purchased the livestock are on the USDA/FSIS active list of repeat violators as having had more than one residue violation in the past 12 months; or if they are on the USDA/FSIS list that the undersigned has identified the animals being sold that come from the person whose name appears on the USDA/FSIS list.

I have and will maintain records of livestock origin for one year from the date of delivery of the livestock to United Producers, Inc.

This Continuous Producer Affidavit shall remain in effect until the undersigned delivers written notice of revocation to the UPI market / staff being presented with this affidavit.

General Preventive Health Recommendations for Animals Exhibited at the Hartford Independent Fair

Robert C. Krueger, DVM
Mount Vernon Animal Hospital – (740) 397.6958

It is encouraged that all participants have a current relationship with their veterinarian in order to foster the best preventive health care plan for their animals.

Please note: If your animal is under medical treatment at the fair, treatment must be overseen by the official Fair Veterinarian. Please report to the Veterinarian or the Fair Director to ensure compliance with tampering laws and exhibition rules.

Vaccination and internal parasite control must be administered at least 30 days prior to the start of the Fair.

Special Note to Market Animals: **All medications and vaccinations should be given under the guidance of a licensed veterinarian. All meat residues (withdrawal times) must be expired prior to exhibition. Consult your veterinarian for specific protocol recommendations and keep records of medication and dosages. These guidelines are to help protect the animals travelling into and out of the fairgrounds and to comply with residue avoidance guidelines.

Beef Cattle:

1. Vaccines: IBR, BRSV, BVD, PI3, Leptospirosis, Clostridial diseases(7) including Tetanus
